Dear CASBA 49<sup>th</sup> Annual Convention Attendees –

For this year's convention, we have set up some optional non-golfer activities on Monday and Tuesday afternoons. Below, you will find details and costs of each option, which we have contracted and reserved for CASBA Convention members during the time periods listed.

If you are interested in participating in any of these activities, **please make your reservation as soon as possible** by calling the number listed for each activity. The Shooting School and "Pranzo, an Italian Experience" activities have limited availability. While the Spa option generally has more availability, making reservations in advance is highly recommended, as the open spots can fill up quickly.
